- Save time with seamless reconciliation.
- Expandable – accept payment for all payments including tuition, enrolment, acceptance and donations.
- Streamlined reporting at your fingertips.
- Convenient – portal login to access everything you need.

"School EasyPay was effortless to implement"

Philip Dean, Director of Operations
Saint Ignatius' College Riverview,
NSW

"Introducing School EasyPay has alleviated any data / privacy concerns while affording parents a simple way to manage their direct payments."

Damien Campbell, Dean of Operations
St Joseph's Nudgee College

Advanced Partner Integrations

Streamline your school's administration process,
reduce data entry and save time!

Easy set up with automatic processing and reconciliation

School EasyPay is the exclusive Direct Debit Partner of TASS, enabling parents to easily set up regular fee payment schedules straight from within Parent Lounge. Payments are automatically processed and recorded in TASS.

Permission Slips and Payments all at once

Using EdSmart's digital forms, parents can give permission (e.g. for excursions or register for an event) and pay online by card all at the same time. This saves the parent from having to pay separately and saves the school time and hassle.

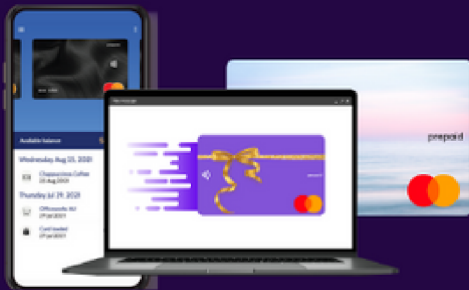

Seamless online enrolments and payment set up

Parents can be set up for direct debit (bank and card) payments within Digistorm's innovative online enrolment and welcome forms. This boosts direct debit take-up and means that everything can be set up at once, saving the school and parents time and admin.

Corporate
Prepaid Cards

A LEADING PREPAID CARD PROVIDER

WHY USE PREPAID CARDS?

- Become cashless - the ideal petty cash replacement.
- We offer the widest range of Mastercard, eftpos and Visa prepaid card products to meet your school's needs.
- Reloadable cards are perfect for staff who may pay for office supplies, departmental purchases or incur excursion costs.
- Ideal for students or boarders who may require funding at weekends or use single issue cards for ad hoc gifting or emergency payments.
- Available as plastic cards, digital cards (SMS delivery), or virtual cards. Digital and virtual can be delivered same day.
- Physical cards are available with or without ATM access.
- Cards are compatible with Apple Pay, Google Pay and Samsung Pay.

BENEFITS TO SCHOOLS

Whether you need prepaid cards for a one-off occasion or an ongoing requirement, we have the right prepaid card product for you. Our cards can be loaded with funds once or multiple times, ready to use instore, online and with ATM withdrawal (as per the card functionality).

- Eliminates the need for petty cash at your school.
- Increase school control through setting spending limits on each card.
- Easy card ordering and program management using a PCI compliant self-service client portal.
- Customise your card programs – card design, card recipient communication and card functionality.
- AFSL licence holder.
