

# FIRST NATIONS.

Corporate Prepaid Cards has provided prepaid card solutions to Aboriginal corporations, trustee services and a range of allied businesses for over 15 years.

Our products, systems and support has enabled organisations to manage the disbursement of funds securely and rapidly, whilst offering greater compliance and program oversight.

## First Nations organisations choose Corporate Prepaid Cards to:

- **Securely and instantly distribute funds** to members in remote areas with same-day delivery prepaid cards.
- **Eliminate cash** to prevent use of funds in certain merchants (alcohol, gambling, tobacco, etc). Our prepaid cards offer merchant blocking and optional ATM access.
- **Ensure staff have sufficient funds** to cover expenses with reloadable prepaid cards. Transactions can be exported to company cost codes.
- **Easy to use** for recipients (activation, acceptance, monitoring spend) with immediate access to funds.
- **Provide staff reward**, recognition and thank you gift cards.
- **Easily manage card programs via our Client Portal.** Organisations can order, load and manage prepaid cards.
- **Real-time custom and consolidated reporting** providing a comprehensive audit trail, order history, and recipient records.
